

# MONETIZING TODAY'S DIGITAL ECONOMY

-  Flexible, real time charging, policy and billing solutions that meet the needs of the **connected customer**
-  Monetize new data services such as **voice over LTE (VoLTE), HD video, sponsored data, roaming control, Wi-Fi offload** and more
-  Enable new business models and revenue streams for **new vertical offers** and the **Internet of Things**
-  Deliver flexibility, agility and scalability with **on-premise, cloud-based, and Software-as-a-Service** solutions
