

Dear friends of MK2025,

We would like to present Macedonia2025's Annual Report for 2016. In it you will find summarized each of our events, programs and activities, as well as a financial statement and testimonials by people who have been involved through the organization. New additions from the previous years are programs such as the Summer Business Trip for young Macedonians from the diaspora and the Diaspora Investors Business Forum.

The production of this report supports our commitment to openness, transparency and accountability and is a window into the identity of our organization, about what has motivated us in the past year, what we have achieved, the goals that we are dedicated to and more.

The Annual Report is the best medium that captures the essentials about Macedonia2025. If you are interested to find out more about us, to see how we utilize the money at our disposal or to find out what your donation can amount to in Macedonia, please browse the Report and do get in touch with us.
